

### Signal Conditioner

Wall mount ABS case version. DC 6-24V supply.  
Input from turbine flowmeter.  
Square wave output as input frequency.

### Signal Conditioner

Head mount aluminium case version.  
DC 6-24V supply. Input from turbine flowmeter.  
Square wave output as input frequency.

### Frequency/Current converter

DIN rail mount case. Mains or DC supply.  
Input from turbine flowmeter.  
4-20mA output. Fully scaleable.

### Frequency Divider

DIN rail mount case. Mains or DC supply.  
Input from turbine flowmeter.  
Scaled pulse output. Easily adjusted.

### Frequency/Current converter

Head mount or wall mount aluminium enclosure.  
DC loop powered. Input from turbine flowmeter.  
Ten point linearisation programme.
